David and Red are going to London by train. But they are in the **wrong** train. At the next station they have **to jump off** the train, and **jump on** another one. Finally they are on the train to London.

Red is **thirsty** and drinks a lot of **juice**. Being in London Red has to go to the toilet (urgently)-

They are visiting Big Ben, the Towerbridge, the London Eye, the **river** Thames, St. Pauls Cathedral, Buckingham Palace and they see an underground station.

Finally Red is finding a toilet in Buckingham Palace and is taking a picture with **the Queen**. David can't believe it!
